Subject: Arkema Project Area - Draft FCR-15 and FCR-16
Attachments: [FCR-15_Geotech Test Pits_2022-03-23.pdf](#)
[FCR-16_Chemistry Test Pits_2022-03-23.pdf](#)

Hi Madi,

Attached are the two FCRs for the test pit work that is scheduled for next week. The mobilization and private utility locate is scheduled for Monday 3/28 and the test pit work is scheduled for Tuesday through Friday (3/29 through 4/1). As we discussed last week, FCR-15 is for shifting the geotechnical test pits toward the groundwater barrier wall and FCR-16 is for reoccupying some of the riverbank hand auger boring locations to collect deeper soil samples with the excavator.

Please let me know if you have any questions or comments. I apologize for the delay in getting these to you. Thanks!
